06/2021	AS	124AS0005516	68	?	CDN	Manitoba	Wiiipeg	120 red	black	black	rot	First entry 06/2017: Serial # 124AS0005516. I believe '68 Spiders started with AS0005619. I believe this is a late 1967 car but not delivered and registered in Canada until 1968. Also I'm told Spiders came out in Canada 6 months earlier than in the US so this one of the earliest North American Spiders around. I brought this car home completely stripped and in boxes about 10 yrs ago with no clue of what I was getting. The wife wanted it out her garage, husband had passed on. He stripped the car back in 1980 and rebuilt engine, trans, clutch, carb, and bought new parts for most of the rest of the car. He never got around to putting it back together. I've put about 3000 summer miles on car over the past 10 years since I put it back together. It runs perfectly but there are a few minor detailing and electrical things that I don't want to mess around with. So basically everything on the car mechanically is new or rebuilt. I replaced whatever was missing to finish it off. I believe it has the wrong hood. It has the heater controls under dash and not on trans hump and early arm rests. Front and back upholstery on seats is original and they in great condition except for drivers seat. Asking price \$12000 US OBO. Update 06/2021: Found at facebook in 2021

It has a poor top, but is still not badly rusted. It shows 73 000 miles (116 800 km). The interior is good, with but one small slit on the driver's seat surface. Update 06/2021: I still have the blue 1970 Fiat 124BS Spider. It is a 1438cc engine, has 73,000 miles showing on the odometer, and is VIN #0023000. 06/2021	CS1	124CS10077374	74	?	USA	Delaware	Dover	223 Pagoda yellow	black	black	gelb	Odometer: 55250. Title Status: Clear. Partially Restored. Engine: 1800 cc DOHC 4 Cylinder, Transmission: 5-Speed. Very clean, well maintained, low mileage 1974 Fiat Spider. Last year for most desirable and stylish chrome bumpers that show off the attractive body design. Beautiful yellow factory color, new convertible top, and nicely reupholstered seats. 1800cc engine runs strong and the 5-speed shifts well. Low mileage, very good condition, recently serviced, and title in-hand. Exterior - Quality repaint by previous owner in rare, original Fiat color #223. This car has a nice gloss and finish. There are no dents or nicks, and body panels are straight and gaps are great. A new convertible top has been installed. The chrome has slight pitting, but is very presentable. Rocker panels were replaced at time of repaint. Wheels were powder coated. Interior - The seats have been reupholstered - these are the nicest I have seen on a Spider. All gauges work as they should except clock. The interior is attractive and serviceable. The dash and console could benefit from readily available and affordable caps. Mechanical - The 1800cc dual overhead cam 4 cylinder engine starts easy and runs strong and powerful and the 5-speed transmission shifts smoothly. Tires have plenty of tread and brakes work well. Ansa exhaust has sporty note. Recent full service by local import shop to include complete top end gaskets, timing belt service, oil change and tune-up, and weber carburetor adjustment. Also, rebuilt differential and electronic fuel pump were installed under current ownership. Car is in stock condition and not modified. It has always been garaged kept. I have owned since 2013 and am the 3rd owner with clear title in-hand. Second owner owned it for 38 years and had an automotive shop. For sale: \$13,500

Unser hier angebotener Spider wurde erstmals am 29.08.1979 zugelassen und weist einen Meilenstand von 30.670 auf. Bei diesem Fiat handelt es sich zwar um ein Exportmodell für den amerikanischen Markt, das aber von Fiat Händlern direkt importiert und vertrieben wurde. Somit war er nie in Amerika. Der Fiat war nun die letzten 22 Jahre im Besitz eines Fiat-Liebhhabers. Aus diesem Zeitraum sind sämtliche Rechnungen vorhanden. Insgesamt liegen uns sogar Rechnungen bis aus dem Jahr 1990 vor. Vor einigen Jahren ist der Spider neu lackiert worden. Der Innenraum ist ursprünglich mit beigen Leder ausgestattet worden. Die komplette Innenausstattung wurde aber vor ein paar Jahren mit schwarzem Leder verkleidet. Die Sitze, Türverkleidungen, sowie das Armaturenbrett sind allesamt frei von Rissen. Das Highlight ist natürlich das Holzlenkrad, sowie die Holzvertäfelung an der Armaturentafel. Zu verkaufen: € 15.600,-

06/2021	CS0/2000/LE	ZFA124CS008179333	81	?	USA	Florida	Broward Ct.	champagne metallic	beige+brown	beige	gold	Limited Edition: LE-542. First entry 05/2020: My dad purchased this directly off a Fiat showroom floor in 1981 in Miami after cross shopping other typical 80s sports cars, including a Datsun 280zx. Before he even got it home, the car had issues: the top leaked and one of the power windows wasn't working properly. Much to my grandfather's dismay, he kept the car and thoroughly thrashed it for the next 10 some ought years until the birth of my sister. He took it on numerous trips down to Key West with my mother, whom he married just five years later (yes, the car has been in his life longer than 30+ years of marriage with my mom), a saltwater fish tank breaking in the backseat, and even cramming four grown adults into the car. Flash forward to 2010, my dad and I towed the car nearly 800 miles to Asheville, N.C., where we participated in the 2010 Fiat Freakout and drove a large portion of the Tail of the Dragon. After my sister and I came around, the car wasn't driven, or abused, as much as he would've liked, but nevertheless the car was garage kept throughout ist entire life. I would say in the past 13 years or so, he began restoring it back to ist original glory, which included sorting out some of the problems it carried over from the factory in Italy. Published at reddit in 2018. Update 06/2021: Manual 5-Speed Transmission Original Bumpers (Safety) 2000cc I am the original owner, I purchased the car new from Sportscars South Hollywood FL, in 1981.

This is a strong little car and starts reliably. Everything works -- gauges, electrical, lights, brakes, heater. There is no radio or antenna, however. New battery, alternator and ignition lock cylinder installed this fall. She looks beautiful from about 10 feet -- however a previous owner had it painted and did not properly prepare it. As a result, the paint is peeling in a few areas and there are visible runs and blotchiness. The body is straight and there is very little rust. The interior is in good condition with the exception of splitting at the seams of the driver's seat and several cracks to dashboard and console. Door panels, carpeting and most of the leather is in very good condition. Sold in 11/2010 for \$ 3250.00. Update 06/2021: New owner. Former Kansas car. Mileage: 85007. Vehicle Title: Clean. I bought this Spider in Nebraska several years ago with a bad motor. I had an 82 motor rebuilt and installed it. The transmission is solid and very clean inside. The body has had an older repaint There is one rust spot showing. The floors are as solid as any Fiat I've owned in the past. There is one rust through spot on the drivers side floor that is very small. The car will need a new interior, top and paint restoration. It has decent tires on Cromadora wheels, I went through the brakes several years ago and the right rear caliper was replaced. I have not done any front suspension work my self however it looks like some work has been done in the past. For sale: Price: US \$5,000.00.

Dieser 124 Pininfarina Spider ist einem sehr schönen Zustand, hat nur zwei Vorbesitzer, ist wenig gelaufen und hat eine hervorragende Karosserie. Das Auto wurde zuvor von zwei Damen besessen, die heute in sehr fortgeschrittenem Alter sind. Insofern ist es naheliegend, dass der Spider regelmäßig in die Wartung gebracht wurde und er wurde in den letzten Jahren nur noch sehr wenig bewegt. Wir haben das Fahrwerk dezent etwas tiefer gelegt weil wir finden, dass das dem Fahrzeug sehr gut steht. Als Sonderausstattung hat der Wagen zumindest grünes Colorglas, Leichtmetallräder, elektrische Fensterheber und ein neues Sportfahrwerk. Die Technik befindet sich in einem tiptop Zustand, das Blech ist kerngesund, die Reifen wurden ebenfalls gerade erneuert. Die Armaturentafel hatte zu viel Sonne abbekommen und wurde deshalb mit originalem Alcantara bezogen, was sehr elegant aussieht. Die Sitze sind nicht durchgesessen und die Bezüge sehr gut. Das Dach ist in Sonnenlandqualität und neu! Alles in Allem ein wunderschönes sehr gut funktionierendes und sehr gut fahrendes Auto. Es kommt mit neuem TÜV und H-Zulassung. Zu verkaufen: 24.900 €

Da der Tacho in Meilen und das Zifferblatt Meilen und km/h zeigt, kann es gut sein das der Spider für USA geplant war. Neu bei Fiat gekauft hat ihn jedoch eine Dame aus Deutschland. Original Scheckheft und unmenge Unterlagen vorhanden. Der Spider wurde 2014 komplett restauriert incl. Neu Lack. In den letzten Jahren wurde immer mal wieder das ein oder andere erneuert - alle Rechnungen vorhanden. 62000 Meilen / also rund 100 tkm gelaufen. Zu verkaufen: 19.900 €

Sonst alles original und fahrbereit, es wurde nichts verändert aber manches unfachmännisch geflickt! Habe vor das Fahrzeug wieder zu restaurieren! Update 04/2021: Neuer Besitzer. Vormalig in Hessen gefahren. Auto wurde durch den Vorbesitzer restauriert: Das Auto ist technisch vollständig restauriert und neu lackiert worden, wobei allerdings einige Teile (z.B. Windschutzscheibe incl. Rahmen und Rücksitz) im Orig.-Zustand belassen wurden. Update 05/2021: 60.000 km. 66 kW 90 CH. Das hier angebotene Fahrzeug kommt aus 3. Hand und hat viele Jahre in einer Scheune zugebracht. Nachdem es sein Erstbesitzer aus Gelsenkirchen, der bei der Deutschen Bahn angestellt war, mit der roten DB-Farbe „gegen Rost geschützt“ hatte, wurde das Fahrzeug nach Runkel verkauft. Dort wurde der Spider von seinem neuen Besitzer ein paar Jahre gefahren und dann lieblos in einer Scheune abgestellt. In ziemlich bedauernswertem Zustand kam der Spider dann 2017 zu seinem dritten Besitzer in Remscheid, der den Fiat mit viel Liebe und noch mehr Geld vollständig restaurieren ließ. Dabei wurde jedoch besonderer Wert darauf gelegt, keine „besser als Neu“ Restauration zu vollziehen. Vielmehr stand die Erhaltung der Originalität ganz oben auf der Agenda. So wurde das Auto behutsam und unter Beibehaltung vieler Original-Teile, die entweder instand gesetzt oder durch baugleiche Neuteile ersetzt wurden, an Karosserie, Felgen, Motor, Getriebe, Achsen, Sitzen, Holzdekor, Lenkrad und Dach renoviert. Nicht erneuert wurden z.B. der verchromte Antennenfuß und die leicht verbeulten Fensterzierleisten. Zu verkaufen: € 26.650,-

Two owners from new. Service history from new. All original equipment included. A very clean example that has been with its ASE master tech seller and second owner for 15 years. He has fitted many nice upgrades that distinguish its appearance and provide improved performance over stock. Notably the car is finished in French Blue and features twin Weber carburetors mounted on a rare intake manifold, magnesium Cromodora Daytona wheels, an ANSA exhaust etc. Auctioned at bringatrailer.com in 10/2015: sold for USD \$17,265. Update 05/2021: New owner. Former Virginia car. (10)1,400 Miles. Cromodora Daytona Wheels. This 1971 Fiat 124 Spider is finished in French Blue over black leather and is powered by a 1.6-liter twin-cam inline-four mated to a five-speed manual transmission. The car was sold on BaT in November 2017 and subsequently acquired by the selling dealer in 2018. Modifications added under prior ownership include dual Weber carburetors fitted to a Fiat "waffle" intake manifold, a Marelli Plex distributor, an ANSA exhaust, Koni shocks, and Cromodora wheels. This 124 Spider is now offered with a clean California title. It was purchased new by Kathy E. on September 28, 1971 from McArthur Olds-Cadillac in Greely, Colorado. It was a gift to herself as a 2nd car, having just secured a position as a professor at the University of Northern Colorado. The previous ASE master tech owner purchased the car from her on February 7, 2000 with 88,810 on the odometer, as a very clean example. The car was tastefully updated by him with twin Weber carburetors mounted on a rare, unavailable in the US, NLA Fiat factory "waffle" intake manifold, with a centrifugal advance Marelli Plex electronic performance distributor, specifically designed to work with this intake setup. Also, a set of magnesium Cromodora Daytona wheels were sourced, and an ANSA exhaust with a wonderful raspy tone. Koni yellow shocks have been fitted and offer good ride quality with a sporty feel. The car was repainted in the original color in the 1990s to a high standard and the two-stage finish remains in excellent condition with good lustre and shine with only a few blemishes on door edges, etc. A new soft top was custom made by Electron using Mercedes Benz Sonnenland cloth and features hand rolled French bindings. All glass and chrome is original and in good condition, while headlights are Euro-spec Hella H4 items, and the driver's side mirror has been replaced with a Vitaloni Sebring. The seats have been

These cars are sophisticated and very well equipped with DOHC engine, 4 wheel disc brakes and an all synchro 5 speed transmission. This car has just had a proper top end overhaul including valve job, timing belt and water pump. She really drives great and is surprisingly quick, the synchros are good and the transmission is quiet. The brakes are excellent and tires are deep. Overall the mechanics are excellent. Structurally the car is superb completely rust free and no accidents the kind of body only found on the Italian Riviera or the Arizona desert. Talking of deserts the sun had taken it's toll on the cars interior specifically the dash and the seats,so we installed a brand new repro dash not a cover a new dash and the seats have been covered in black cloth the car has seat covers on the seat backs but the cloth seats are mint underneath. Cosmetically the car shows well, it looks like one repaint in the original 462 Fiat French blue not perfect but very nice and would fit in well at the Italian car show. 05/2021	CS2/2000	124CS20152496	79/03	?	USA	Colorado	Weld Ct.	Grigio metallic	burgundy	black	silber	First entry 12/2017: I drove past the "For Sale" car every day...to, and from, work for six months. That was spring of 2000. Silver with red interior, AT, intact top. Ran like CRAP! Died on the test drive,...had to walk back. \$2000. Newly re-painted it's original silver (over a bubble - behind driver's door!), but no air filter (due to fires from the failed reed valves dumping exhaust directly into the air cleaner!). And abused in a number of ways, but cosmetically and mechanically salvageable. Purchased 6/2000. I had the car back on the road, with a rebuilt block (rebuilt the OHCs myself) by 11/2000. I installed all new front suspension and shocks at that time. I installed a new canvas top from an old company that some might recognize...Caribou. GREAT top, crappy company. Refurbished the car with parts from another old company, Bayless (Marietta, GA). Nearly rust-free to this day, now the Spider runs like it should. The suspension is completely rebuilt, front and rear, and the entire car is complete. New 2" exhaust, catalytic converter, and muffler. A recent accident set things back, and I await time on the frame-rack at the bodyshop. No big framework, but the Spider needs it's passenger headlight area/fender horn pulled out and restored. Luckily the fender's upper framerail is nearly undamaged and the shocktower undisturbed. The Spider was also damaged in the rear panel,...but that part will be easy for the bodywork gurus! Having the car in the main garage for so long, I've been able to finish some 'detail' items this year, such as adding missing parts to the original, red top boot, and a replacement courtesy light for my broken one. I just replaced the upper and lower rear axle trailing arms, along with new gas shocks. I was able to find a used hood to replace the damaged original at Aspen Import Autos in Englewood, CO. Everything else I have purchased recently. At this time the car is complete. It needs a new windshield, dashpad, and red upholstery,...but no more. Update 05/2021: 21 years of limping around short distances,...now I've fully restored the car to the road! Running, and driving so very nice - I hope to finish the cars' paint this summer. Grigio metallic, with burgundy interior and black canvas top. 2.0l with DFEV and auto-tranny. I don't believe it has been out of Colorado,...nice car.

04/2021 AS	124AS0011368	69	?	USA	Washington	King Ct.	388 green	black	black	grün	First entry 12/2010: very nice original condition after being pulled from a heated garage where it was parked since 1984. This car is a true survivor and though in need of paint the body is in remarkable condition with virtually no rust. The seller rebuilt all the brakes, added a new master cylinder, and completely rebuilt the Weber carb, so the car now runs very well though it does smoke a little. It is available in Portland, Oregon for \$5k obo. Sold. Update 10/2020: New owner. Former Oregon car. 17k Miles Shown, TMU. Five-Speed Manual Transmission. Aftermarket Exhaust System. This 1969 Fiat 124 Spider was acquired by the seller in 2013 as a project and was subsequently refurbished, reportedly with carburetor and transmission rebuilds, braking and suspension work, and a refreshed black interior. The car is finished in green with a replacement black convertible top and is powered by a 1.4-liter inline-four paired with a five-speed manual transmission. Additional replacement items include the alternator, the radiator, the water pump, and the exhaust. This 124 Spider is now offered with a clean Washington title in the seller's name. The seller notes that the hood was recently refinished and that paint failure and chips are visible on other panels. A paint bubble is present on the hood, and rust is visible on the left-rear quarter panel. Located in Vashon, WA. Auctioned at BaT in 10/2020 for: Current Bid: \$2,500. Der in einem speziellen Rotton, in Richtung Terrakotta, lackierte 124 Spider, der dieses klassische Erscheinungsbild zu einem echten Italiener macht. Die Karosserie ist ebenmäßig, schön und rost- und unfallfrei. Alle bewegende Teile fügen sich nahtlos ein. Die Lackqualität dieses Garagenwagens ist hoch und der Lack hat einen schönen tiefen Glanz. Der komplette Chrom ist ebenfalls in einem Spitzen Zustand. Alle Zierleisten, Licht Units, Stoßstangen und das Cabriooverdeck, alles ist unbeschädigt. Das Cabriooverdeck wurde bei der Restaurierung erneuert und war seither nicht mehr oft geöffnet. Das gesamte Auto hat keine sichtbaren Gebrauchsspuren. Wunderschönes Interior. Das Armaturenbrett ist nicht gerissen, das Holz ist fast zu schön, die Heizungshähne nicht ohne Knöpfe und die Sitze in original Form sind gut gepolstert. Der Bodenbelag hat keine Gebrauchsspuren und ist schön sauber. Türverkleidungen, Rücksitz und Mittelkonsole alles ist in sehr gutem Zustand. Sehr gepflegter Motorraum ohne Öl- und Fettsuren. Auch hier kein Rost oder Beschädigungen. Der Motor hat zwei obenliegende Nockenwellen, technisch sehr progressiv, und läuft daher wunderbar geschmeidig und leise. Kein lästiger Rauch oder seltsame Geräusche. Der Kofferraum ist ordentlich mit einer neuen Matte ausgestattet und scheint kaum benutzt zu sein. Das Auto hat rund um schöne Stilauto Leichtmetallfelgen. Neu in Italien etwas unter Neapel verkauft, wo das Auto auch immer verblieb. Ich kaufte das Auto von einem alten italienischen Gentleman, geboren 1937. For sale: 24 950 EUR. Update 04/2021: Neuer Besitzer. Vormals in den Niederlanden gefahren. I didn't like them so I changed them out for the early style 1 piece front and two piece rear chrome bumpers. The car also came with Daytona's which I love, but upgraded for a more modern look to the 15x7 Dial Plates. I swap them back and forth depending on what look I want, but actually prefer the Daytona's.

USA	California	Central Valley (N) - Sacramento	red	tan	tan	rot	First entry 09/2019: condition: excellent. odometer: 45263. title status: clean. transmission: manual. I bought the car in March, 2015 from the previous owner in Reno, NV. I believe they owned the car since the early 2000's and I have service records back to 2004, when the car was listed with 40,092 miles. It currently sits with 45,263 miles, and yes, those are original miles. The center console still has the original plastic covering the carpeting. As mentioned, I have service records from their ownership and through my current time with the car detailing the work that's gone into the vehicle. Brakes, suspension, exhaust, motor....the list is extensive and all work was done by a local, reputable Fiat specialty shop. The title is clean, no accidents. The gauges all work, including the clock! The top is in good condition. The exterior shows little to no wear or fading, but the interior does have some strings where it is breaking down a little. The seats have no tears, the dash has two small cracks near the vents, and the center console has some damage. The car always fires up straight away, and has passed CA smog without issue during my ownership. The car is virtually rust free, which tends to be rare with these cars. There was an AC installed, but I've actually never even tried it. For sale: \$10000. Update 04/2021: New owner. Found at fiatspider.com

I bought the car with approx. 10K miles on it from the second owner when I lived in Austin, Texas. It was originally purchased in CA and has all the CA emissions controls. I drove it daily until I moved back to NJ in the summer of 1987 and had a spinal cord injury in August 1987. I include that here because I haven't personally driven it since then. It hasn't been driven in the winter up here at all and currently has a valid NJ inspection. This car has only been kept under a car cover during the time here and has seen better days. It is not in prime condition, the paint is in pretty poor shape and it's starting to rust. The brakes are good, just had the master cylinder and hoses replaced last summer. It sat for a year or so around 1994 and I had the fuel pump and filter replaced, fuel system drained and cleaned including injectors, the gas tank cleaned and recoated and the timing belt replaced in 1995. It always shifted great when I drove it and still seems to be fine. I crunched the passenger's side front quarter panel and hood in an accident in 1984. It was repaired professionally but the passenger's door sticks slightly and has a brand new replacement door handle which doesn't seem to fit exactly. The side view mirror is new, I still have the original. It has nicks and dings here and there. The top is good, I replaced it a few years ago - very clear window. Cromadora wheels are fading, pitting somewhat. I have 3 out of 4 center caps for the wheels, they are irreplaceable, they have 'Limited Edition' on them instead of the Fiat logo. The seats are leather and original, although for some reason the passenger's seat aged differently in the center. Auctioned at ebay in 04/2005 to jwo9393 for: US \$1,586.00. IAP Headers, Power-Stack, ANSA Exhaust, and rebuilt suspension and brakes. I have easily put over \$7,000 in parts, upgrades, and labor into this roadster in the last 3 years: I rescued this Spider from the back corner of my mechanic's lot, where it sat abandoned and unloved for 2 years. Fortunately, this was originally a Florida car (I have left the faded NAS Jacksonville base sticker on the bumper for that 'Top Gun' look), and even though it sat outside with a busted up top, the only serious rust I found was on the floor behind the passenger seat. I had the car (originally a boring beige) re-sprayed British Racing Green, and I put a new Tan top from International Auto Parts, on it, but neither the body or the top are perfect. There is some surface rust on the drivers door edge and some scratches here and there, but it still looks good when it's all buffed out. The top itself is only 3 years old, but the frame could use some TLC. After I stripped the interior to bare metal and rust proofed it, I lined the floor with DuraMat to replace the cheap soundproofing that had all but worn off. Then I cut new padding to fit, put a new carpet set in, and new mats on top of that. The floor is all set. I have not attempted to restore the rest of the interior. I've never had the title for this car, but it is legally registered in RI, and is past the age where you need anything but a bill of sale to register it. Auctioned at Ebay in 08/2005 for: Starting bid: US \$2,500.00. Update 04/2021: New owner. Former Rhode Island car. The transmission is manual. The bumpers are original safety bumpers. Returning alongside his boss (Paul Caston) from a disappointingly unsuccessful buying trip to the continent in 1982, they stopped for lunch in Belgium where they spotted this little roadster gleaming, brand-new, in a showroom. The car was immediately purchased, with the drive home excitedly split between the two. Paul took the first stint through Belgium onto the ferry but then, unsure of driving a LHD car on UK roads, our dad finished the journey from Felixstowe back home to Norwich. The car has remained in the same hands ever since. Update 04/2021: 1982 Fiat 124 Sport Spider Europa LHD. V5 Present. MoT Aug 2021. To be auctioned at Anglia Car Auctions. Estimate: £8,000 - 10,000

Ledersitze, CD, Radio, Fensterheber elektrisch. Vor 24 Jahren habe ich diesen Pininfarina 124 DS von seinen Erstbesitzern gekauft und ihn bis heute gehegt und gepflegt. Es handelt sich um einen der letzten gebauten Spider, der 1985 bei Fiat in Hamburg bestellt und im Januar 1986 ausgeliefert wurde. Es ist eine Ausführung für den deutschen Markt mit G- Kat ab Werk. Der Spider wurde in einigen Details von mir aufgewertet. Es sind extra angefertigte BF Torino Leder- Sportsitze verbaut, ein G+B Edelstahlauspuff, extrem seltene 15 Zoll BBS Felgen, eine dezente Hörmann Tieferlegung und anderes., Lackierung und Interieur sind bestens erhalten, technisch ist der 124er sehr gut, er wurde über die Jahre aber auch immer in Schuß gehalten, damit er immer sofort einsatzbereit ist., Ein aktuelles Wertgutachten bestätigt den guten Zustand mit der Note 2. Zu verkaufen: 29.950 €. Update 04/2021: Weiterhin zu verkaufen.
04/2021 DS	ZFR124DS005511793	85	11/85	GB	England / Greater London	London	red met.	beige	beige	rot	First entry 09/2019: Found in the web in 2019. Update 04/2020: 89,300 km. Transmission: manual. It was first registered in Luxembourg in November 1985 and was a One owner car there before being imported and registered here in the UK in October 2001 and it has only had one former keeper in the UK since with the current owner having purchased the car in June 2012. Finished in its original colour of Rosso Rubino (Burgundy) Metallic with a lovely Tan Leather interior, Tan vinyl Soft top and brown carpets this car has all of the features and specifications as described above. It has now covered a believed genuine 89,300 Kilometers (55,489 miles) from new and comes with its original Spider Europa Handbook, a Brooklands Workshop Manual, invoices, MOT certificates and its MOT history since 2006. The car is in overall lovely condition with no rust evident but the paintwork, although not bad could be better on the top surfaces, but this would be easily rectifiable. The Interior and trim is in exceptional condition and mechanically the car is superb with the lovely 2.0 Litre Twin Cam Engine, 5 Speed Gearbox and Rack & Pinion Steering which make this car lovely to drive. For sale: GBP 16,995. Update 04/2021: New owner. The car was originally registered in Luxembourg and the UK logbook shows that I am the 3rd UK owner. I have had some 'fun' during lockdown working on the car and have replaced: brake discs /pads, new carpets/soundproofing, lowered springs/shock absorbers/upper & lower controls arms, centre/rear exhaust. There is very little rust ) and the car needs respray as it had been kept under a cloth car cover which has caused the paint on the bonnet/boot lid to bubble / blister appearance.
